On a street somewhere in Hong Kong, there is a detective office. Its name is "Detective Company Three Sisters". The three sisters from this office (Anita, Maggie and Michelle) are working day and night to understand the enigma described in an ancient book.The oldest sister - Michelle, who loves all kinds of books, Maggie and even Anita, the youngest of them, who do not like to read books for adults. All they actually have "special powers to rule the paper".

Using their powers or not, what will happen when they finally have a conclusion?
